6th Ambient Assisted Living Joint Programme - AAL Forum, 9-12 September 2014, Bucharest, Romania

The Executive Agency for Higher Education, Research, Development and Innovation Funding, from Romania (UEFISCDI) is a member of the **AAL Association** - Ambient Assisted Living Association, actively participating in activities related to the evaluation, monitoring, research funding of the Romanian partners involved in R&D&I in the field of **AAL**.

AAL program (<http://www.aal-europe.eu/>) is a research program aiming to support and fund research projects to enhance the quality of life of older people and strengthen the industrial base in Europe through the use of ICT. Motivation for funding research in this area is sustained by the demographic changes, the process of aging population, which implies not only challenges but also opportunities for citizens, social and health systems, as well as for industry and the EU market in ICT.

The Ministry of National Education through the Executive Agency for Higher Education, Research, Development and Innovation Funding (UEFISCDI) & the Ambient Assisted Living Association will co-organize in Romania, Bucharest, the **6th Forum Ambient Assisted Living (AAL)**, under the title "**Broader, Bigger, Better – AAL solutions for EU**".

This is an annual platform for the increasing European **AAL community** support its' meetings during which to discuss update topics, relevant for improving the **AAL Joint Programme**. The event will also facilitate the reflection upon what has been achieved in the programme so far, to show best practices examples of successful solutions, evaluate the impact in terms of increased independence for older adults and the economic growth.

Considering the importance of the above event, we would be delighted to invite you to participate to the **AAL Forum 2014**.

During the **AAL 2014 Forum** are going to be developed satellite events (<http://aalforum.uefiscdi.ro/event/side>), an exhibition dedicated to the **AAL domain** (<http://www.aalforum.eu/exhibition>), also a photo exhibition (<http://www.aalforum.eu/photo-exhibition>) to which you are invited to participate. One of the most important satellite event is the **Young Researcher's Workshop** (<http://www.aalforum.eu/young-researchers-workshop>) which has the theme "the role of entrepreneurship in the development of technological innovation for elderly".

SMEs

25 billion euros for SMEs in Europe

SMEs in EU will soon have access to up to € 25 billion of additional finance, as a result of an agreement signed between the EC and the European Investment Fund. Thanks to the € 1,3 billion allocated in the COSME budget for SME financing, it will be possible to mobilise up to € 25 billion via leverage effects from financial intermediaries over the next 7 years. The agreement paves the way for providing equity & debt financing for SMEs under the COSME programme by the end of 2014.

Horizon 2020 - 2014-2015: Revised versions – Calls for „Fast Track to Innovation“ & „Inducement prizes“

Fast Track to Innovation (FTI) is new pilot action in Horizon 2020. There is only an indication in the WPs, since this action now has a separate WP. This call will open on 06/01/2015; proposals can be submitted until 29/04/2015, 01/09/2015, 01/12/2015. The evaluation procedure is in one step, the budget for 2015 is EUR 100 million.

Inducement Prize Contests are a new instrument under Horizon 2020. The inducement prize contests are in the revised WPs, e.g. in the areas of Health, ICT & Material sciences. The budget is EUR 6 million. The contest will be published end of 2014 (ICT), beginning of 2015 (Health & NMBP), the award will take place in Q2 2016 (ICT)/ in Q4 2016 (Health & NMBP).

Italian EU Presidency presents busy schedule for innovation policy

The priorities for research and innovation of the Italian Presidency of the EU Council are the use of research and innovation as sources of renewed growth, the advancement of a single European Research Area (ERA) and the development of a Euro-Mediterranean research and innovation partnership.

More... http://www.eurekanetwork.org/showarticle?p_r_p_564233524_articleId=4262411&p_r_p_564233524_groupId=10137

The Startup Investors Manifesto

The [Startup Manifesto](#) is subscribed by investors from all EU28 and Accession Countries and represents a statement to support the goal of increasing the early stage investment market from 7.5 billion to 15 billion Euro by 2017. Investors have identified and focused on five main areas to unleash the power of the EU early stage business community, those are:

1. Inspiring a co-investment culture amongst different market stakeholders;
2. Taxes as drivers for innovation and re-allocation of funds;
3. Increasing market liquidity to avoid equity gaps;
4. Raising awareness and changing mindsets towards a favorable risk culture;
5. Making investment easier and clearer for both businesses and investors.

The final aim of the investors supporting the manifesto is to call for the attention of Heads of State from all EU28, Accession Countries, for the commitment of the Members of the European Parliament to draw up new perspectives for aspiring entrepreneurs and game changing startups.

More... <http://www.startupinvestorsmanifesto.eu/#manifesto>

How to Launch a Successful Crowdfunding Campaign

This article featured by [MBA](#) provides an overview about how to better reap the benefits from a crowdfunding campaign. Given a business plan containing detailed timelines, financial requirements, having chosen the right crowdfunding platform, the final step is to attract the right investors by developing your fundraising campaign.

Some key point to bear in mind to launch a successful crowdfunding campaign:

- Tell your story in a concise, unique way to grab the attention of a potential investor;
- Analyze your metrics; Establish financial benchmarks;
- Drive traffic by soliciting your own network through social media; Communicate with your donors.

M-ERA.NET Transnational Call 2014. Deadline for mandatory pre-proposals: 16 September 2014

Transnational R&D projects in Materials Science & Engineering. 36 funding agencies from 24 countries, including Taiwan and Russia participate in this joint call. Funding will be offered to innovative projects focusing on:

- Integrated Computational Materials Engineering
- Materials for Sustainable & Affordable Low Carbon Energy Tech
- Composite Technology
- New Surfaces and Coatings
- Materials for Health
- Functional Materials Focusing on Sensors

We strongly recommend contacting your regional/national funding agency for regional/national programme details.

Public-private partnerships under Horizon 2020 launched first calls

Public-private partnerships set up under the EU's new research and innovation programme Horizon 2020 launched their first calls on 9 July 2014 in Brussels. The partnerships work in strategic areas such as medicines, fuel cells, air and rail transport or electronics. They represent an essential investment into Europe's economy and in a better quality of life.

- **Innovative Medicines 2 (IMI2):** to develop next generation vaccines, medicines, treatments [website](#) | [factsheet](#)
- **Fuel Cells & Hydrogen 2 (FCH2):** use of clean/efficient technologies in transport, industry, energy [website](#) | [factsheet](#)
- **Clean Sky 2 (CS2):** to develop cleaner, quieter aircraft with significantly less CO2 emissions. [website](#) | [factsheet](#)
- **Bio-based Ind (BBI):** to use renewable natural resources, innovative technologies for greener products. [web](#) | [factsheet](#)
- **Electronic components & systems for EU leadership (ECSEL):** [website](#) | [factsheet](#)
- **Shift2Rail:** to develop better trains, railway infrastructure. [website](#) | [factsheet](#)
- **SESAR 2020:** to advance the technology needed to reform Europe's airspace. [website](#) | [factsheet](#)

The overall investment over the next 7 years as part of the Innovation Investment Package is worth nearly €23 billion, where the EU's contribution of €9 billion will secure a €10 billion investment from the private sector, €4 billion from Member States.

Translation nanomedicine- international meeting, 27-29 August 2014, University of Angers, Franta

In the international meeting major keypoints that have to be addressed to bring innovative nanomedicine to the market will be discussed. The meeting will link researchers, medical staff, industrials to exchange ideas on accelerating the market access of nanomedicines. A special issue will be published in the EU Journal of Nanomedicine. [Visit De Gruyter](#)

EPoSS General Assembly, Annual Forum & Engagement Day, 24-26 September 2014, Turin, Italy

In combination with the EPoSS Engagement Day, this event is a unique opportunity for all those involved in the EU Smart Systems Integration Ecosystem. The motto of this year's EPoSS Annual Forum and the respective [Call for Presentations](#) is "Best Practices in the European Smart Systems Integration Ecosystem: From Education to Markets".

40th International Conference on Micro & Nano Engineering, 22-26 September 2014, Lausanne, Switzerland

MNE is a major annual international conference, devoted to **micro** and **nano engineering**, held in a EU country every September. The conference brings together engineers, scientists from across the world to discuss recent progress, future trends in the fabrication, manufacturing, operation and application of micro and nano-structures and devices. Applications in electronics, magnetics, photonics, electromechanics, environment, life sciences are also discussed.

18th International Conference on System Theory, Control & Computing, 17-19 October 2014, Sinaia, Romania

ICSTCC 2014 aims at bringing together under a unique forum, scientists from academia, industry to discuss the state of the art, the new trends in system theory, control, computer engineering, and to present recent research results, prospects for development in this rapidly evolving area. The Proceedings will be published in IEEE Xplore Digital Library and will also be submitted for indexing in Thomson Reuters Conference Proceedings Citation Index (formerly ISI Proceedings).

12th International Conference on Applied and Theoretical Electricity, 23-25 October 2014, Craiova, Romania

The event is organized by the Faculty of Electrical Engineering, University of Craiova, with the technical co-sponsorship from IEEE. The aim is to provide an international forum for scientific research in the theory, technologies and applications of electrical engineering as well as in related fields. A plenary session and a special student session will be also hosted.

Training School on Civil Engineering Applications of Ground Penetrating Radar, September 22-25, 2014, Pisa, Italy

The Action TU1208 is organising a COST Training School on Civil Engineering Applications of Ground Penetrating Radar. Topics: the GPR basics, history, how to conduct a survey, applications of GPR in civil engineering, with focus to the surveying of transport infrastructures, soil-moisture characterisation, design of GPR systems, radar interferometry, electromagnetic techniques for the modelling of GPR scenarios, imaging, inversion, migration techniques for the interpretation of GPR data. The School includes 21 hours of lectures, 8 hours of laboratory, a final test.
